

Title: .Net Payment Gateway Developer

Job Description: We are looking for a bright and energetic individual to join our rapidly growing company. The successful applicant will enjoy an environment that is fun, smart, and collaborative. We offer a competitive salary and benefits package, as well as an opportunity for fast growth. This full-time position is in our Chantilly, VA headquarters. No contractors or remote developers.

The .Net Payment Gateway Developer will work with other members of the development team to maintain and grow a hosted web application. Development will include web forms, web, WCF and REST services, as well as data access layer and database design. This position will occasionally be required to assist in translating customer requests to development requirements and customer implementations. Candidates for the position should be highly motivated, self-starting, and able to work independently and well with a team. Excellent written and verbal communication skills are critical.

Minimum Requirements:

- 5+ years professional development experience with at least 3 years experience developing on the Microsoft stack
- 5+ years .NET Programming
- Microsoft development certifications are desirable
- B.S. or M.S. in Computer Science desired
- Payment Industry related development experience.

Skills and Experiences:

- Crystal Reports, ActiveReports, or similar reporting engine
- Telerik, Infragistics or similar UI control package
- Microsoft Azure development/deployment
- Team Foundation Server
- SOA
- CSS, jQuery, Ajax and JavaScript

Related Technologies:

- .Net (C#) up to and including 4.5
- Web Forms, Web Services, WCF
- Visual Studio, Team Foundation Server
- Windows Server
- Microsoft SQL

We will connect you to a diverse and inclusive team that embraces innovation and collaboration, and offers unparalleled opportunity to pursue your passion and achieve success.
