

Title: Jr. Systems Administrator

Job Description: This person will provide on-site or in-house support and servicing of computers, disk drives, servers and networks. Includes troubleshooting our servers, installing and/or repairing computer and network-related platforms, checking and maintaining backups and providing desktop support to staff. You will work actively with Salesforce.com to maintain security and create reports and updates.

Requirements:

- No less than 3 years of related experience
- VOIP (Cisco) ACD and BYOD experience
- SFDC Administrator Certification
- CRM experience preferred, particularly with Salesforce or similar
- Preference given to candidates with A+/Net+/MCITP experience
- Ability to work in a fast paced sales environment

Benefits: In addition to Medical/Dental Insurance and Profit Sharing, we will connect you to a diverse and inclusive team that embraces innovation and collaboration, and offers unparalleled opportunity to pursue your passion and achieve success. Connect with us today if you are interested in this position by emailing resume and cover letter to: Careers@udcc.com.
